<b>6. Litter and Pollution</b>	Generally seen to be good with some notable exceptions near the schools and shops:- (a) Gain co-operation from Head teachers / Principal to reduce perceived problem of litter from students.	Still a big problem as the litter is dropped quicker than it can be picked up. Letters to the local College and High School have been sent - it is a national social problem as well a local one. The Parish Council do not feel able to enter <b>The Best Kept Village Competition</b> until this situation has been remedied. This decision will be communicated to the Village in the near future. The Council request <b>everybody</b> to take responsibility for keeping their Village tidy. <b>Working Party recommends a Parish Council discussion to agree a way forward. Agreed by the Parish Council - discussion to be arranged.</b>
	(b) Target areas for litter picking	Still a big problem as the litter is dropped quicker than it can be picked up. Letters to the local College and High School have been sent - it is a national social problem as well a local one. <b>10. Sport recreation and religion</b>	Youth provision is seen as poor. <b>12. Parish Council</b>	<p>The Parish Council was generally considered to be effective however:-</p> <p>(a) There is a need for the Parish Council to improve awareness of the scope of their authority and publicise contact points for themselves and other relevant authorities.</p>	<p><a href="http://countesthorpeparishcouncil.co.uk/councillors.html">http://countesthorpeparishcouncil.co.uk/councillors.html</a> -</p> <p>See April 2006 update - action points now closed.</p>
